

Gate Job 4 Daily rubbish collection of SFD site

Volunteer groups are expected to:

Take responsibility for their safety by bringing and using rubber gloves.

Bring black bags to put rubbish in.

Clear all rubbish from the grounds, putting it in bags and either into the skip bins or wheelie bins or, if these are full, in black plastic bags tied and sat next to the skip bins.

Put all wheelie bins outside the Agri Centre.

It is expected that all exhibitors will have tidied their own area. Volunteer rubbish collectors are not to enter exhibitors' sites.
